■ EXECUTIVE TRANSITION

KC'S PREMIER NETWORK FOR PURPOSEFUL CAREERS.

Stop sending résumés. Start opening doors.

We go beyond outplacement. Kansas City executives in transition get an instant network, with direct access to the right people at the right companies.

Your next role won't come from an application.

Even the CEO of Korn Ferry calls sending résumés “the No. 1 time-waster in any job search.” The best executive roles move through relationships long before they reach a job board.

We turn connections into opportunity: **warm introductions** to CXOs, VPs and the power connectors known for who they know, plus 400+ events where KC leaders actually meet.
